

Seminar for Manufacturers of Steel Products

Competitive Manufacturing in Australia

The Australian Steel Institute invites you to attend the upcoming Competitive Manufacturing in Australia seminar. This is a unique opportunity to

- Hear from five authorities in their individual fields, on topics of relevance to your business.
- Identify practical steps to improve the competitiveness & compliance of your business.
- Tap into expertise that will enable immediate improvement opportunities.
- Network with your peers in the steel products manufacturing sector.

Excellent speakers that understand steel

- *Business turnaround at Galintel®* – Rob Watters, GM Nepean Galintel
- *Competitiveness in steel fabrication* - Pablo Santos, Director S&L Steel
- *Manufacturing innovation at Rondo* – Darren Brown, GM Operations Rondo Australia
- *Federal government assistance available to manufacturing businesses* – Stephan Wagner, Assistant State Manager, AusIndustry
- *State government assistance available to manufacturing businesses* – NSW Department of Industry
