

AUSTRALIAN STEEL INSTITUTE

Seminar for Manufacturers of Steel Products

Competitive Manufacturing in Australia

The Australian Steel Institute invites you to attend the upcoming Competitive Manufacturing in Australia seminar.

This is a unique opportunity to:

- Hear from four authorities in their individual fields, on topics of relevance to your business.
- Identify practical steps to improve the competitiveness & compliance of your business.
- Tap into expertise that will enable immediate improvement opportunities.
- Network with your peers in the steel products manufacturing sector.

Excellent speakers who understand steel

- *A local Australian Manufacturing Success Story – Q&A with Brisbane based manufacturer Thunderbox Industries*
- *Federal Government assistance available to manufacturing businesses – Presentation by AusIndustry*
- *State Government assistance available to manufacturing businesses – Presentation by Qld Department of State Development, Manufacturing, Infrastructure and Planning*
- *Manufacture of Components for Military Vehicles – Presentation by Rheinmetall Defence*
